## ROOF OPTIONS

---

Sliding front sunroof and fixed rear panoramic roof

The vehicle's electric sunroof features tilt and slide glass at the front and fixed panoramic glass at the rear. These two sections include electric fabric power blinds that can be extended across both glass surfaces. Added to which, these can be operated independently via two switches located on the upper console. So you can tailor the amount of light and shade throughout the vehicle accordingly

**Important note on imagery & specification.** We are living through exceptional times. Due to the Covid pandemic we have been prevented or delayed in the creation of new images of current model years. Now the global impact of micro-chip shortages is further affecting build specifications, options and launch timings. Until this unique event settles, please note that **many images cannot be updated to 22/23 model year specifications.** Features, options, trim and colour schemes may differ from many images. Customers are urged to consult their local Retailer for detailed 22/23 model year specifications and to not base an order on marketing imagery and specification alone.

Jaguar Land Rover Limited is constantly seeking ways to improve the specification, design and production of its vehicles, parts and accessories and alterations take place continually, and we reserve the right to change without notice. Some features may vary between optional and standard for different model years. The information, specification, engines and colours on this website are based on European specification and may vary from market to market and are subject to change without notice. Some vehicles are shown with optional equipment and retailer-fit accessories that may not be available in all markets. Please contact your local Retailer for local availability and prices.
