# THE NEW ŠKODA **RAPID**

In 2011, ŠKODA RAPID began its journey here in India. And on the way, it has won several accolades and a million hearts.

But this journey is far from over.

Performance and style are the two facets that have always defined the ŠKODA RAPID. And it's been a challenge deciding which of the two is more impressive.

Now with the arrival of the RAPID's latest edition, we aren't making this decision any easier. With upgraded performance and a revolutionary new design language, the debate isn't going to be settled any time soon.

# DESIGN

The new ŠKODA RAPID is a masterpiece in the truest sense. It stays loyal to the brand's timeless design ideals while simultaneously incorporating avant-garde elements.

Flip through to find out more about what has gone into making the new RAPID, the design phenomenon it is.

They say a face makes the first impression. If that's true, the new RAPID, hands down, makes a great one. The dark façade of the new ŠKODA Signature Grille perfectly complements its chrome surround. And above this, proudly rests the ŠKODA badge of honour.

# EXTERIOR DESIGN

---

As a tribute to ŠKODA's rich Czech heritage, the new RAPID incorporates the brand's trademark crystalline design language. In its sharp angles and contours, one can unmistakably trace the inspiration back to traditional Bohemian crystals. And much like these crystals, the RAPID too is recognised by the mesmerising symphony its angles create between light and shade.

Light up every inch of the road with meticulous precision using the Quartz-cut Projector Headlights with a manual levelling function.

Eyes as striking as the RAPID's deserve the best embellishments. And what better than the mesmerising chrome eyelash effect meeting the Jewel-shadow LED Day Running Lights.

Be greeted by the luxurious metallic feel of chrome beneath your fingers every time you enter the new ŠKODA RAPID.

The strong shoulder line meets the distinctive new ŠKODA C-shaped smoked taillights, ensuring a strong appearance. And the chrome moulding on the deck lid will leave your followers on the road enchanted.

Sometimes, judging a book by the cover is the right thing to do, because the new RAPID is as exquisite on the inside as it is on the outside. The contrasting Dual-tone Ebony-Sand interiors effortlessly bring out the blend of traditional ŠKODA designs with modern ideas. And the Chrome décor ensures that no matter where the road takes you, you're never too far from luxury.

# INTERIOR DESIGN

# COMFORT & CONVENIENCE

# COMFORT

The breathtaking designs of the automobile seamlessly lend themselves to the luxurious features. The result – So much comfort, you'll wish your journey was your final destination.

You are truly in control, only when it's on your own terms. Get just that with a height and length adjustable steering wheel.

Easily bring blind spots to light with electrically foldable and adjustable external mirrors, and make the accompanying side-turn indicators wink playfully.

Just when you start thinking  
it couldn't get any more  
comfortable, your arm slides  
onto an armrest of the  
plushest leatherette.

Power up Drive  
The state-of-the-art  
Colour Touchscreen Central Infotainment System  
in your RAPID to give your drive  
the symphony it deserves.  
What's more?  
With the SmartLink system  
(ŠKODA Connectivity bundle supporting MirrorLink®,  
Apple CarPlay and Android Auto),  
the car's infotainment system  
enables the driver to  
safely use the phone while driving.

Presenting the revolutionary  
Climatronic Automatic Air-Conditioning  
with dual adjustable rear vents.  
Now escape the madness of reality  
and find a temperature-perfect  
utopia within your new  
ŠKODA RAPID.  
(With 12V Power Socket in Rear Centre Console)

# CONVENIENCE

It's a great feeling when everything's taken care of, isn't it? The new RAPID with its host of convenience features will leave you little to do other than enjoy your drive.

Your convenience is our top concern. Which is why we have integrated your telephone controls to the RAPID's multi-function steering wheel. Now, you never have to let go of the wheel.

Now, long journeys are just going to be an excuse to pamper yourself. The built-in Cruise Control feature will maintain speed for you, allowing you to be at ease.

Always be picnic-ready by storing your refreshments in the thoughtfully cooled glovebox compartment.

Enjoy easier parking with the rear-view camera located on the vehicle's tailgate. It monitors the space behind the car and indicates the driving lanes, based on the vehicle width.

AmberGlow Footwell Illumination will ease ingress to and egress from your car. Now no corner will be left to darkness.

You wouldn't expect something so beautiful to be intelligent. Be delighted with the Rain-sensing Wiper System which automatically activates on detecting rain and adjusts the wiper's frequency.

# SAFETY

At ŠKODA, we believe that safety is a priority and not an option. Which is why we offer important safety features as standard in all variants of the RAPID.

The new ŠKODA RAPID with Jewel-shadow LED Day Running Lights never fails to make its presence felt. The uninterrupted rays of light improve the RAPID's safety by increasing other peoples' awareness of it.

The RAPID has eyes of its own. And you can rely on these Parktronic Sensors for assistance when manoeuvring into tight parking spots.

Tackle unwanted night-time glares with the automatically dimming rear-view mirror.

With the One-touch Anti-pinch technology protecting you, presence of even the littlest obstacle will stop your windows from shutting.

The ABS (Anti-lock Braking System) boosts braking efficiency ensuring increased safety on loose terrain and emergency braking situations.

The Electronic Stability Control (ESC) synchronises ABS for improved behaviour when understeering or oversteering. (For diesel automatic transmission only)

Going uphill will never be an uphill battle with the Hill Hold Control (HHC) function on your automatic RAPID.

Height-adjustable seatbelts ensure you never have to make a compromise between safety and comfort.

Bringing you double the safety, the RAPID is equipped with 4 airbags; including driver and passenger front and side airbags. Because when it comes to safety, there should be no compromise.

# STORAGE

A good relationship is one where you get enough space to yourself. And the new ŠKODA RAPID is the perfect partner which is thoughtfully designed to accommodate you and everything you might ever need.

460 litres of illuminated luggage compartment space

SmartClip card holder

Bottle holders in doors

Storage compartment in the front centre console, under the front centre armrest

Cup holders, front and rear

# ENGINES & TRANSMISSIONS

Don't let the luxurious comfort features of the RAPID mislead you. The DSG transmission with Sport Mode will quickly transform this automobile into a beast.

Pop the hood and you'll find that the new ŠKODA RAPID has a generous heart. And it comes in two variants – the TDI and MPI engines.

The 1.5 litre TDI engine is what brings alive the diesel variant of the new RAPID. It is optimised to deliver performance while still leading in fuel efficiency. It produces 110PS (81kW) of power and a torque output of 250 Nm.

The 1.6 litre MPI or the Multi-point Injection engine is at the core of the RAPID's Petrol Variant. With Dual Overhead Camshaft (DOHC) 16 valves, it delivers 105 PS (77kW) of power and a peak torque output of 153Nm.

Its world-class features like touchscreen SmartLink connectivity, chrome grille and black sporty alloy wheels reek of ŠKODA hallmarks of quality, comfort and build. And what's most surprising is, you get this piece of artistry at an incredible price.

# MEET MR. HEAD-TURNER

The ŠKODA RAPID ONYX glides with an aura of luxury. It is endowed with crystalline design and world-class features like a chrome grille and quartz-cut projector headlights. And for the first time, it comes in a brilliant new shade called Lapis Blue - one that accentuates its sporty look-and-feel. So if there's any car that's bound to turn heads, it is the ŠKODA RAPID ONYX.

## **CHROME FRONT RADIATOR GRILLE**

When the RAPID ONYX zooms by with the glitz of its chrome front radiator grille, it's bound to leave a lasting impression.

#### **BLACK TRUNK LID GARNISH**

A trunk lid garnish which gives the rear of the car a stylish and sporty look-and-feel.

#### **RAPID ONYX BLACK ALLOY R-16 WHEELS**

Sporty black alloy wheels with glossy bolt covers add greatly to the RAPID ONYX's style quotient.

#### **DOOR SILL STRIPS WITH RAPID INSCRIPTION**

# WHERE SPORTS MEETS BEAUTY

The ŠKODA RAPID ONYX's interior is a result of a cutting-edge fusion experiment. It's sporty in parts and equally luxurious. The attention to detail given to design and geometry will make your car stand out, and your ride comfortable and exhilarating.

## **FLAT-BOTTOMED STEERING WHEEL AND GEAR KNOB WITH SMARTLINK CONNECTIVITY**

The leather-clad flat-bottomed sporty steering wheel comes with black stitching – a detail that makes the interiors as luxurious as it gets. It also has touchscreen SmartLink connectivity, full of entertainment options right at your fingertips. Indeed, the RAPID ONYX combines style and technological evolution like few cars can.

### **BLACK PERFORATED LEATHERETTE UPHOLSTERY WITH BEIGE DESIGN**

The plush black leatherette upholstery comes with perforations and dons an elite beige design. Something that makes the RAPID ONYX hit the sweet spot of great aesthetics and premium comfort.

### **TOUCHSCREEN SMARTLINK CONNECTIVITY**
