

COMMUTE IN STYLE

The Honda PCX is not just any scooter, it is a smart and adaptable solution for city dwellers that's fun to ride. With the ability to smoothly navigate through traffic, finding convenient parking spots becomes a breeze, and you can trust in Honda's impeccable build quality. The urban scooter comes with spacious underseat storage and excellent fuel efficiency, making it perfect for daily errands and commuting to classes. Additionally, every ride is not only enjoyable but also safe as it is equipped with standard front-wheel ABS.

RAKE	— 26.5°
TRAIL	— 3.1 inches
FUEL CAPACITY	— 2.1 gallons
CURB WEIGHT	— 286 pounds (Includes all standard equipment, required fluids and full tank of fuel)

FEATURES & BENEFITS

RIDER COMFORT

The long, plush seat is even more comfortable than it looks. Plus, give your co-pilot an incredible view with the stepped passenger section.

UNDER-SEAT STORAGE

Flip the seat open and you'll see a surprisingly large amount of storage room, enough for most full-face helmets or an evening's worth of groceries. The main compartment locks for security and is weather-resistant, too. With a full 30 liters of capacity (nearly eight gallons), it's plenty big enough for everyday use.

ANTI-LOCK BRAKES

It offers our front-wheel Anti-Lock Braking System (ABS), giving you the power to make confident stops, even in less-than-ideal conditions.

4-VALVE ENGINE

The engine displaces 157cc, for plenty of get-up-and-go, while the eSP+ technology (enhanced smart power) uses a four-valve design with a bore/stroke ratio specially designed to lower emissions and provide responsive performance.
