

RCZ

PEUGEOT

FROM CONCEPT TO CREATION...

THE STORY CONTINUES

A daring concept car has become an even bolder reality. This is a vehicle that evokes strong emotions and marks a dynamic new chapter in the history of Peugeot. Our new story begins with the RCZ.

THE EMOTIONS OF STYLE

A triumph of style and technical prowess, the Peugeot RCZ re-invents the original saloon coupé structure with an innovative body type that is both sporty and elegant. The shape of the "double bubble" roof is the unique result of outstanding technical expertise, both in terms of original design and aerodynamic performance. Its fluid, athletic contours are accentuated by the two polished aluminium arches that sculpt its profile, giving it an air of nobility and dynamism.

AN EXPRESSION OF MODERNITY

A sensuous charisma marks out the exterior of the RCZ. In profile, extensively sculpted sides and generous curved wings create a compact and muscular silhouette. Feline headlamps are characteristically Peugeot. Ruby rear lamps, with a stylised badge centred between them, provide a unique signature. A sporty appearance is enhanced by each tiny detail, from the distinctive contour of the bonnet to the chromed twin exhaust tailpipe.

EXTREME SEDUCTION

New sensations abound in the RCZ.

The stylish fascia panel offers a refined, uncluttered view. It can either be fully covered with a hi-tech material, or personalised with an optional trim of fine-grain leather. Dynamic lines structure the arrangement of the cabin.

Drivers will admire the distinctive metal inserts on the dials of the instrument panel, inspired by the highest level of motorsport and unique to the RCZ.

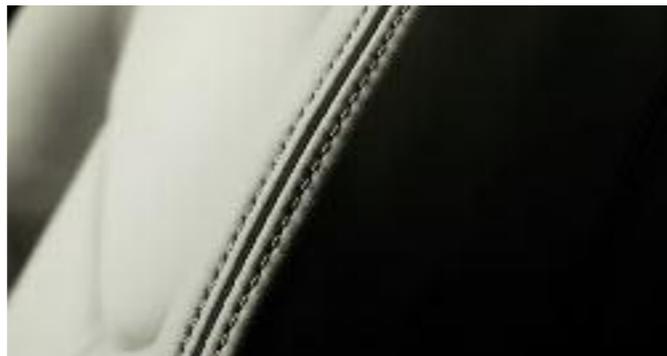

QUALITY IN EVERY DETAIL

Meticulous attention has been paid to the style of each component and the elegance of the materials used. Whether it's the leather* finish with double oversteitching or the use of chromed or aluminium inserts, each part has been produced with the utmost care.

You will immediately notice the fine, soft texture of the fascia panel and the rich thickness of the steering wheel's full-grain leather. The fascia panel and the seats can also be covered in soft and supple Nappa leather*.

The influence of motor sport prestige continues in the clock, the instrument panels, the metal and carbon-effect background of the dials and the satin chrome inserts on the steering wheel.

* Optional.

PERSONAL SPACE

Sport seats follow the shape of the body and give you the feeling of being in perfect harmony with your RCZ. The steering wheel plus all the controls fall naturally to hand, reinforcing the impression of comfort and control.

A low, ergonomic driving position allows you to appreciate the handling qualities of the car. The sound of the engine on acceleration is particularly polished.

This auditory ambiance is enhanced by both the quality of the soundproofing and remarkable vibration damping performance.

Take your place behind the wheel and your journey truly begins.

A SENSATION LIKE NEVER BEFORE

The RCZ is a rare and exclusive coupé which not only attracts admiring glances, but takes the idea of driving pleasure to the highest level. The "passionate" relationship between the road and the car takes on its full meaning here.

1.6L THP 200 bhp 6-speed manual

This state-of-the-art engine draws full benefit from the vehicle's chassis. With its maximum torque of 206 lb ft at 1,770 rpm* and its maximum power of 200 bhp at 5,800 rpm, the Peugeot RCZ benefits from acceleration of the highest order: 50 to 75 mph (80 to 120 km/h) in 6.5 s; 0 to 62 mph in 7.6 s, whilst its fuel consumption is 40.9 mpg for mixed driving (159 g/km of CO₂).

*Temporary overtorque.

PETROL

1.6L THP 156 hp 6-speed manual

This petrol direct injection turbocharged engine successfully finds a remarkable balance between performance (with a torque of 180 lb ft at 1,400 rpm and maximum power of 156 bhp at 6,000 rpm) and fuel consumption (42.1 mpg; 155 g/km of CO₂ with a manual gearbox).

PETROL

1.6L THP 156 bhp 6-speed automatic

The same engine is available with a six-speed sequential automatic gearbox (mixed consumption 38.6 mpg and CO₂ emissions of 168g).

PETROL

2.0L HDi FAP 163 bhp 6-speed manual

This engine has a capacity of 1,997 cm³ and develops a maximum power reaching 163 bhp at 3,750 rpm with a maximum torque of 255 lb at 2,000 rpm. To reach such performance it has a new generation combustion chamber, a low inertia variable geometry turbocharger, a high-pressure pump making it possible to reach 2,000 bars in the common rail and also eight-hole solenoid injectors. Its fuel consumption is 53.2 mpg for mixed driving (139 g/km of CO₂).

DIESEL

REFINED EMOTIONS

The Peugeot RCZ's range of engines had not only to live up to the standards of the vehicle itself but also satisfy the demands of modern drivers who are experts in driving pleasure. The answer lies in the choice of engines which are powerful in every sense of the word: generous torque and power, limited fuel consumption and CO₂ emissions as well as compliance with the Euro NCAP 5 standards.

To provide a new driving experience, the Peugeot RCZ concentrates all of Peugeot's expertise in terms of handling and road holding. The Peugeot RCZ has a lowered centre of gravity, with widened front and rear tracks and reinforced suspension and wheels (pseudo Mac Pherson front suspension, rear suspension with deformable crossmember).

The suspension, like the dampers, has been adapted as a consequence and if you add to this the very generous tyre fit (18" or 19"), the whole provides extremely effective road holding. The power steering, controlled by a hydraulic power train, is configured to offer precision of the highest order and excellent return of information. It was engineered that the braking should be powerful and sustained; this is provided by large ventilated discs, 302 mm in diameter, and 26 mm thick, or even, for the 1.6 l THP (200 bhp) engine in particular, 340x30 mm. The rear is fitted in all cases with 290x12 mm discs.

PEUGEOT AND THE ENVIRONMENT

Peugeot offers an extensive range of low emission vehicles – more than half of its sales worldwide are of vehicles emitting less than 140 g of CO₂ per km. This performance relies on proven technology in

which Peugeot leads the way; the diesel engine combined with particle emission filter (launched in 2000 on the Peugeot 607) is now fitted in more than 2.1 million vehicles (99.99% reduction of particle

emissions). Peugeot also leads on breakthrough technology: for instance integration of Stop & Start, development of a new generation of HDi engines and more.

THE RCZ, CARING FOR THE ENVIRONMENT

HDi FAP

HDi technology combines with an extremely high-performance emission control system, the Particle Emission Filter (FAP). A self-cleaning system, it treats the gas resulting from the

combustion of the diesel in the engine. The filter contributes to reducing the diesel particles, bringing them to the measurable limit (0.004 g/km). This technology makes the diesel a cleaner engine.

Gear shift indicator*

This indicates to the driver the optimum moment for changing gear in order to optimise fuel consumption on vehicles fitted with a manual gearbox.

*Available according to engine.

CONSUMPTION AND EMISSIONS

Standardised fuel consumption, measured by the UTAC	Petrol			Diesel
	1.6L THP 200 hp BVM6*	1.6L THP 156 hp BVM6*	1.6L THP 156 hp BVA6**	2.0L HDi PEF 163 hp BVM6*
Urban consumption (litres/100 km)	9,1	9,3	10,3	6,8
Inter-urban consumption (litres/100 km)	5,6	5,2	5,5	4,5
Mixed consumption (litres/100 km)	6,9	6,7	7,3	5,3
Mixed emission of CO ₂ (g/km)	159	155	168	139

*BVM6: 6-speed manual gearbox.

**BVA6: 6-speed automatic gearbox.

SAFETY

Braking system and ESP® (Electronic Stability Program / Dynamic Stability Control)

To retain optimal balance and preserve driving pleasure in all difficult situations, the Peugeot RCZ comes with a complex braking system that combines several functions:

- Anti-Skid Regulation (ASR) system which acts on the brakes and the engine management to limit wheel slip during loss of grip.
- Dynamic Stability Control (DSC) which continuously compares the information transmitted by the steering wheel sensor and the yaw sensor in order to detect any start of understeer or oversteer. It then puts your Peugeot RCZ back on course, within the limits of the laws of physics.
- Anti-lock Braking System (ABS) helps you to gain better control over any loss of grip on emergency braking.

- Electronic Brake Force Distribution (EBFD) which controls braking pressure wheel by wheel for greater efficiency, particularly when braking on corners.
- Emergency Braking Assistance (EBA) which increases the effectiveness of your braking if necessary.
- Tyre under-inflation detector* with direct detection of the wheel concerned with two levels of warning: under-inflation or puncture.

Intelligent Traction Control

The Intelligent Traction Control system adds a new function to the conventional traction control. It assists in detecting situations of difficult grip which could make moving off and the progress of the vehicle difficult on roads which are icy or covered with snow. In these situations, the Intelligent Traction Control system takes the place of the ASR function by reducing the slipping of the front wheels to favour good traction

and maintaining the required direction.

Active Rear Spoiler

The Peugeot RCZ has an Active Rear Spoiler. Controlled automatically in relation to the speed of the vehicle or deployed at the request of the driver, it optimises the flow of the air and improves downforce.

Air bags

The Peugeot RCZ has 4 air bags to contribute to effective protection regardless of the position of the front seats, with 2 driver and passenger front air bags and 2 chest/pelvis side air bags.

Seat belts

The 4 seat belts fitted in the Peugeot RCZ are all equipped with an unfastening detection system and a force limiter which optimises the restraining of the passengers by avoiding excessive force on the rib cage. Activation of the pre-tensioning system improves the restraint of the front occupants in the event of a front impact or if the vehicle were to roll over.

*According to equipment.

Increased Safety

In keeping with the philosophy of the Peugeot RCZ, an extensive range of equipment is offered to provide you with maximum safety. In addition to road holding of the highest level, the vehicle's structure and large dimensions contributes to withstanding and absorbing the energy of front and side impacts. It is enhanced by intelligent restraining equipment.

SPACE AND AESTHETICS

Aesthetics combines with practicality. If you're going away for a long weekend, the Peugeot RCZ offers space that you would not expect in a coupé. Its boot has a generous capacity of 384L (liquid equivalent and 321 dm³

VDA standard). Extra volume can be obtained by folding down the rear seat backrests, which increases the maximum volume of the boot to 760L (liquid equivalent and 639 dm³ VDA standard).

Meticulous attention has also been paid to the style and finish of the boot with carpet and chromed securing rings as standard.

A TRUE 2+2 COUPÉ

Two additional seats simply offer more possibilities...

The two rear seats are carefully sculpted and designed in harmony with the front seats.

They sit directly below the heart of the 'double bubble' roof, allowing more height and space for rear passengers. In the RCZ comfort and wellbeing has been considered down to the smallest

detail; for instance when accessing the rear seats, the memorised position of the front seat backrest is restored automatically when the seat is put back in place.

TECHNOLOGY

It's easy to relax and enjoy the journey thanks to the range of technological equipment offered on the RCZ. This extends from the cruise control/speed limiter, to the audible rear parking assistance, passing via the optional JBL Hi-Fi system* designed specifically for the passenger compartment.

The Peugeot RCZ offers a choice of state-of-the-art audio and telematic equipment with an optional top-of-the-range media and satellite navigation system, which includes GPS navigation with 3D European mapping and hard drive. Peugeot Connect USB (with hands free Bluetooth) is a standard feature of RCZ.

COLOURS

A chic range of 8 flat, metallic or pearlescent colours has been selected to enhance the appearance of the aluminium arches and "double bubble" shapes of the roof and rear screen.

METALLIC OR PEARLESCENT COLOURS (optional)

Pearlescent White

Amber Red

Mercury Grey

Dolphin Blue

Shark Grey

Nera Black

PLAIN COLOUR

TRIMS

FRISSON INTEGRAL LEATHER OPTION

This thick, fine and smooth-grain leather in an elegant shade of grey-blue (specifically developed for the Peugeot RCZ), echoes the world of top-of-the-range sports cars. The fascia panel cover and seats are covered in frisson Nappa leather, as are the door cappings and the centre console "U" extending from the fascia panel. The side armrests and the central armrest stand out in black Mistral Nappa leather. The Frisson Integral leather creates a contemporary interior, sleek and elegant.

1. Door trim pad
2. Manual gear lever

3. Satin chrome insert and leather on the steering wheel
4. Instrument panel

LAMA INTEGRAL LEATHER OPTION

This choice of Nappa leather in a very light and refined colour creates a sophisticated and elegant contrast between the seats upholstered in Lama leather and a fascia panel and door trim pad cappings in black leather.

Seats in leather and other materials (for details, consult the RCZ price and specification guide).

MISTRAL LEATHER OPTION

The black fine-grained Mistral Nappa leather covering the seats reinforces the sporty and refined character of the RCZ. For a modern, hi-tech appearance, the fascia panel and the door trim pad top strips are fully enveloped in Peugeot's innovative smooth-textured TechnoPVC material.

Seats in leather and other materials (for details, consult the RCZ price and specification guide).

TEXTILE UPHOLSTERY

A hi-tech top-of-the-range 3D weave is combined with Peugeot TechnoPVC material, which covers the fascia panel, the door top strips and the armrests.

ALLOY WHEELS

The dynamic and elegant character of the RCZ is emphasised by the choice of 18" and 19" wheels in a sporty, contemporary style.

Original 18"

Original 18" Dark Grey*

Original 18" Full Pirit Grey*

Terrific 18***

Sortilege 19**

Sortilege 19" Black Onyx*

Sortilege 19" Midnight Silver*

Solstice 19" Black Onyx*

Solstice 19" Anthra Grey*

* Optional.

** Available as an accessory.

Please refer to RCZ price and specification guide for details of standard fit wheels and availability of options.

ACCESSORIES

Emphasise the RCZ's exclusive, exceptional character and your own personal style by fitting it with original, stylish, high-tech accessories.

STYLE

- 2 AUDIBLE FRONT PARKING ASSISTANCE

DIMENSIONS

Each line has been refined and perfectly proportioned to create a sports coupé of great balance and harmony. The width-length-height ratio and the muscular and sculpted shapes define its athletic style and reinforce its dynamic and aerodynamic qualities for optimum road holding.

IT'S YOUR CHOICE...

Personal style is expressed with the numerous exclusive "à la carte" personalisation possibilities. The wide range of choices allow individualisation of the arches in different colours (smoked chrome, champagne), with alloy wheels available in 18" and 19" and several finishes (matt black, dark grey), brilliant black grill, black mirror covers, body transfers... The Peugeot RCZ becomes a truly unique and personal object.

TRANSFERS

A choice of transparent matt "transfers" gives an even more individual appearance to the RCZ.

ROOF SHELL

Personalise the roof of the RCZ with a real carbon shell, just like the original concept car. This distinctive material enhances the exclusive and hi-tech character of the RCZ.

COLOUR OF THE ARCHES

Make the two aluminium arches of the Peugeot RCZ stand out with a special smoked chrome or champagne colour treatment.

MIRROR SHELLS

Another personalisation component. Mirror shells affirm the contemporary, top-of-the-range character of the RCZ.

FRONT FACE

The elegant, sporty style of the RCZ can be enhanced with a black front spoiler and/or a brilliant black radiator grille.

ALLOY WHEELS

Accentuate the presence of the 18" or 19" alloy wheels with various colours and styles.

CALIPERS

Add black brake callipers for another sporty touch.

Please refer to RCZ pricing and specification guide (and related accessory information) for details of personalisation options on RCZ.

EXAMPLE OF PERSONALISATION

Admire just one possible combination among thousands. This model has been personalised to play on the bold and elegant contrasts of white and black, chrome and carbon, brilliant gloss and sombre intensity.

Roof shell in real carbon

Personalise the roof of the RCZ with a real carbon shell, just like the original concept car. This distinctive material enhances the exclusive and hi-tech character of the RCZ.

Carbon mirror shells

The mirror shells are offered in real carbon and affirm the top-of-the-range and contemporary character of the RCZ.

Black calipers and Alloy Wheels

Wheels and brake calipers painted gloss black provide an added element of sportiness.

Brilliant black radiator grille

An elegant radiator grille in brilliant black for a more exclusive edge.

Smoked chrome arches

Make the two aluminium arches of the RCZ stand out with a special smoked chrome or champagne colour treatment.

EXAMPLE OF PERSONALISATION

Dare to adopt a more sporty style by choosing matt effect body transfers on metallic paint.
A choice of 3 designs of transfers transforms the RCZ from all angles.

MyRCZ n°1

A thick stripe, surrounded by two thin lines adorns the bonnet, the boot and the lower part of the door.

MyRCZ n°2

A matt "sticker" with double stripe decorates the lower part of the door, the bonnet and the boot.

MyRCZ n°3

A thin stripe, off-centred to the right, underlines the upper part of the door, the bonnet and the boot.

PEUGEOT AND YOU

When you choose Peugeot, you have the reassurance of knowing that your vehicle has been designed and manufactured to give you years of worry-free motoring. What's more, as a Peugeot owner, you can rely on a comprehensive range of customer care services from your Dealer. So you can be sure that you're talking to a specialist who'll listen to you, understand your problems and respond efficiently – someone who also has the expertise to maintain your Peugeot correctly, using trained technicians, Peugeot Diagnostic Equipment and Peugeot Original Equipment Parts.

PEUGEOT WARRANTIES

As well as the 2 year unlimited mileage manufacturer's Warranty, all vehicles first registered in the UK and purchased from a UK Peugeot Dealer come with a free, optional additional year of Warranty through the Peugeot UK Dealer network. The mileage limit on this additional Warranty is 60,000 miles (100,000 miles for Boxer vans excluding Motorhomes and other converted vehicles) from first registration. At the end of the 3 year Warranty period (or after 60,000 miles) you have the option to purchase a Peugeot Platinum Extended Warranty. Our cars also come with a 12 Year Anti-Perforation and 3 Year Paint Warranty (6 and 2 years on vans). For full terms and conditions on all of these, please contact your Peugeot Dealer.

PEUGEOT INSURANCE

Peugeot Insurance has been designed specifically for Peugeots and offers tailored cover at a competitive price. If you are unfortunate enough to have an accident, one of our Peugeot Approved Accident Repair Centres will repair your car, using only Peugeot original parts. Plus we'll give you a courtesy car while yours is

PEUGEOT AND THE ENVIRONMENT

Our website has full details on all Peugeot products, and offers available in the UK.

ABOUT THIS BROCHURE

The information contained in this brochure is based on the data and images available at the time of printing. Some feature combinations may not be available in the UK. Also, some photography may feature vehicles which are left hand drive. As part of our policy of continuous specification improvement, Peugeot reserve the right to modify technical equipment, the options available, and colours at any time.

PEUGEOT ASSISTANCE

All new Peugeots come with 12 months' Peugeot Assistance – our breakdown assistance service. This covers all incidents involving vehicle-based faults for you and anyone else driving your car with your permission. It is available 24/7, 365 days a year. Peugeot Assistance includes European cover, homestart, roadside assistance, vehicle recovery and a free replacement car or hotel accommodation if required. It can be extended for a further 12, 24, 36 or 48 months. For full details please contact your local Dealer. Peugeot Assistance excludes non-vehicle based faults (such as punctures) to protect against non-vehicle based faults please call 0844 573 8050.

being repaired (subject to availability when you use an approved repairer). When the time comes to renew your insurance cover, why not try Peugeot Insurance? You can call Peugeot Insurance for a quote on 0870 0240 206. Lines open 8am-8pm weekdays, 9am- 5pm Saturdays.

You'll also find information about our environmental and recycling policies.

For full specification ask your Peugeot Dealer, or click on www.peugeot.co.uk. Please note that print and photographic processes used in the creation of this brochure may alter the depth and tone of the colours shown. This brochure is not a contractual document or offer of sale. The details in this brochure cannot be reproduced without the expressed authorisation of Peugeot.

PEUGEOT SERVICE CARE

Peugeot vehicles benefit from extended service intervals of up to 20,000 miles or 2 years (12,000 miles for 1.6 HDi diesel ; 24,000 miles or 2 years on Boxer, 10,000 miles or 1 year on 107). Please refer to the maintenance book for details of the service intervals for specific models and vehicles operating in arduous conditions.

FINANCE

Let the specialists help. Peugeot Financial Services offer a number of flexible finance plans that make owning a new Peugeot easy. We specialise in car finance and can provide you with choice, convenience and flexibility directly through your local dealer. Written quotations are available on request from Peugeot Financial Services, Quadrant House, Princess Way, Redhill RH1 1QA. Over 18's only, a guarantee may be required.

Max call charge from a BT landline is 8p per minute. Calls from other networks may vary. Calls may be recorded.

Peugeot Insurance is underwritten by UK Insurance Limited. Conditions apply.

Issued by:
Sales and Marketing
Peugeot Company plc
