SPARE PARTS CATALOGUE
en-US

The present spare parts order exactly the right spare parts.

When ordering specify:

1. the part's code number followed by its description and quantity needed;
2. the motorcycle's serial number, stamped on the steering head.

Reference to right and left apply to the vehicle in terms of its direction of move-ment.

Spare parts drawings are general and do not represent the part.

The contents of this catalogue are general and can undergo changes without prior notice.

This exploded view diagram illustrates the assembly of a vehicle's front suspension and steering components. The diagram shows the following parts and their assembly sequence:

- Steering Knuckle (1):** The central component that houses the ball joint and control arm mounting points.
- Control Arm (2):** The L-shaped arm that connects the steering knuckle to the lower control arm.
- Lower Control Arm (3):** The arm that connects the steering knuckle to the lower control arm.
- Ball Joint (4):** The joint that connects the steering knuckle to the lower control arm.
- Wheel Hub Assembly (5):** The assembly that houses the brake disc and the wheel hub.
- Brake Disc (6):** The disc that provides friction for the brake pads.
- Brake Pads (7):** The pads that provide friction for the brake disc.

The diagram includes numbered callouts (1-7) and dashed lines indicating the assembly sequence and fitment of the components. The components are shown in an exploded view, allowing for a clear understanding of their relative positions and how they fit together.

Exploded view diagram of a motorcycle's fuel system components, including the fuel tank, fuel pump, fuel filter, fuel lines, and fuel injectors. The diagram is labeled with numbers 1 through 17 and letters A and B. The fuel tank is at the top left, the fuel pump is at the bottom left, and the fuel filter is at the bottom center. The fuel lines connect these components to the fuel injectors on the engine. The engine is shown at the bottom right. The diagram is a technical drawing with dashed lines indicating the assembly path.
